

## Patented Light Fixture

# Indirect Sport Pendant (ISP)

with HID remote ballast

The ISP lights the facility evenly from ceiling to floor, eliminates annoying glares, shadows, and creates a spectacular playing environment. This durable fixture and unique patented design reflects light at specific angles increasing illumination on the playing surface. Ideal for lighting basketball, tennis, volleyball, soccer, and hockey facilities with white ceiling heights from 15-50 feet.

**Description:** Metal Halide indirect base down bulb fixture pre-wired and assembled. Aluminum 24" outer housing with suspended impact resistant inner aluminum reflector. Internal metal tubing wire raceways. Fixture painted: high temperature polyester powder coating; gloss white. Wire guard, pendant, 4" swivel ball box cover included.
