

Indirect Sport Chain (ISC)

with HID remote ballast

The ISC lights the facility evenly from ceiling to floor, eliminates annoying glares, shadows, and creates a spectacular playing environment. This durable fixture and unique design reflects light at specific angles increasing illumination on the playing surface. Ideal for lighting air structures, basketball, tennis, volleyball, soccer, and pool facilities with white ceiling heights from 15-50 feet.

Description: Metal Halide indirect base down bulb fixture pre-wired and assembled. Aluminum 24" outer housing with suspended impact resistant inner aluminum reflector. Internal metal tubing wire raceways. Fixture painted: high temperature polyester powder coating; gloss white. Wire guard, male and female auto-lock plugs for quick disconnect at fixture, pre-measured chain for balanced hanging of fixture from 5-12 feet.
