

Indirect Base Up (XL-IBU) with HID remote ballast

The XL-IBU lights a facility evenly from ceiling to floor, this unique one-piece base up fixture eliminates annoying glare and shadows. Its dynamic shape reflects light at specific angles producing more light at floor levels. Ideal for lighting sports, retail, manufacturing, commercial, and industrial facilities with white ceiling heights from 12-50 feet.

Description: Indirect aluminum fixture pre-wired and assembled for Metal Halide base up lamps. Indirect opening 24" in diameter with a concaved smooth reflecting inner surface. Fixture painted: high temperature polyester powder coating; gloss white. Pendant and 4" swivel ball box cover included.

available with or without rib
