

Patent Pending XL-Indirect Sport Chain (XL-ISC) with Remote HID Ballast

The XL-ISC lights the facility evenly from ceiling to floor, eliminates annoying glares, shadows, and creates a spectacular playing environment. This durable fixture and unique design reflects light at specific angles increasing illumination on the playing surface. Ideal for lighting air structures, basketball, tennis, volleyball, soccer, and pool facilities with white ceiling heights from 15-50 feet.

Description: Metal Halide indirect base down reduced jacket bulb fixture pre-wired and assembled. Aluminum outer housing with suspended impact resistant inner aluminum reflector. Internal metal tubing wire raceways. Fixture painted: high temperature polyester powder coating; gloss white. Wire guard, male and female auto-lock plugs for quick disconnect at fixture, pre-measured chain for balanced hanging of fixture from 5-12 feet.

available with or without rib
