

Patented Light Fixture Direct Fixture (DIR-G) with Remote HID Ballast

This durable fixture's unique design reflects light at specific angles increasing illumination at floor levels. The 92 percent translucent glass lens provides a soft non-glaring light, which reduces eyestrain while increasing visibility. Ideal for lighting commercial, industrial, warehouse, retail, and sports facilities.

Description: Metal Halide direct base up 24" diameter aluminum fixture with a 30 degree smooth reflecting inner surface and a 5" deep by 8" diameter top neck for precise bulb placement. Fixture painted: high temperature polyester powder coat; gloss white. Tempered 1/4" frosted glass lens 92 percent translucent.
